Eightieth Year, No. 51 | Upland, California, Thursday, March 27, 1975 | 20 Pages 10 Cents

WEST END HISTORY—The Scheu organ is demonstrated by Beatrice Riggs, president of the Chaffey Communities Cultural Center Museum. The organ, donated by Dr. Lorin Spencer, was owned by W. C. and Henrietta Scheu about 1910. The museum records the history of the West End communities founded by the Chaffey brothers and exists on donations of historic items.

Chaffey Communities Cultural Center

Museum needs new building

By Lynne Locke

The West End's only historical museum "needs a new building badly," according to Beatrice Riggs, president of the Chaffey Communities Cultural Center Museum in Upland.

The museum, presently housed in the former St. Mark's Church, doesn't have room to display all the items which number almost 6,000.

Construction of a proper building would free the church auditorium for meetings and traveling exhibits, such as the Smithsonian Institution's Bicentennial exhibit and the Campbell Soup exhibit of soup toureens, Mrs. Riggs said.

Future plans also include construction of an art gallery and outdoor theater.

Mrs. Riggs said the museum preserves the history and culture of the West End communities founded by the Chaffey brothers. The citrus culture is disappearing fast and there are few traces left of the earlier lumber industry, she noted.

The museum has been given two horse-pulled lumber wagons that are being stored until display space can be found.

The museum's April program will highlight the wine and citrus industries. The museum's citrus collection includes more than 500 citrus labels which have been donated.

The museum is working to collect all of the old Upland labels, some of which are quite scarce, Mrs. Riggs said.

The citrus collection also includes juice reamers (squeezers) and orange blossom silverware, both given as premiums for purchasing crates of oranges.

The museum also has a collection of smudge pots which originally burned peach or apricot pits to keep the oranges from freezing, she noted.

Many school classes visit the museum to see the extensive collection of Indian artifacts including arrowheads, baskets, pottery and musical instruments.

School children also like the Civil War exhibit, which Mrs. Riggs has been collecting since 1924. She said California sent more money to the Union Army than any other state and even had a Civil War battle at Catalina Island, which was a military fortification.

Older people like to browse through the 1900s kitchen which contains things they remember using as children, Mrs. Riggs said.

A tiny 1900 cookstove, donated by Fern McGill Davis, was originaly used as a sample for prospective buyers. The stove was rusty and knobs were missing when it was received by the museum but a volunteer cleaned and replated the stove and replaced the missing pieces.

The museum also has a collection of "sad irons," named for the way people felt who used them, Mrs. Riggs commented. While one of the heavy irons was being used another would be heating on the stove.

Other home furnishings include a hand-carved wooden clock shaped like a German church. Mads S. Moller carved the church during a long North Dakota winter in 1906 when he was snowbound six months.

Younger people who have never used stereopticon can view such three-dimensional scenes as a Los Angeles orange grove, sheep in the Andes and the wrecked battleship The Maine.

One of the museum's most recent donations is the Scheu organ donated by Dr. Lorin Spencer. The organ had been owned about 1910 by W. C. and Henrietta Scheu. Scheu made the first orchard smudge pots in Upland.

Mrs. Riggs said the museum presents monthly programs to bring together all different kinds of people. The Filipino-American Association of Upland recently conducted a fashion show. A Japanese program planned for May will include flower decorating and a tea ceremony.

Museum volunteers are planning a Bicentennial program and exhibits. Mrs. Riggs said they hope to have the annual Father Garces ride end in Upland. The ride from Needles to the West End commemorates the journey of the first Spanish priest who walked across San Bernardino County.

Bicentennial exhibits will include information about all United States presidents and flags as well as the people who signed the U.S. Constitution. Mrs. Riggs said they hope to include information on the extensive role of women in the Revolution.

The Chaffey Communities Cultural Center is a nonprofit organization supported by a small membership and donations from service clubs.

Most museum items were donated by people who have no families to inherit the possessions or whose families aren't interested in the past, Mrs. Riggs said.

Volunteers run the museum and catalog donated items. The museum, 525 W. 18th St., is open 1-4 p.m. Monday, Wednesday and Friday.

Assertion training for women

Assertion training for women will be offered by Chaffey College Community Education beginning Thursday, April 10 and continuing for eight weeks through May 29, 11:30 a.m.-1:30 p.m. Thursdays.

The class will be held at the First Baptist Church, 1305 N. Euclid Ave., Upland.

Registration for this tuition free, non-graded adult education class may be accomplished at first class attended. For further information call the Chaffey College Community Education Center, 985-9853.

City sets Mountain Ave. public hearing

The Upland City Council will hold a public hearing 7 p.m. Monday to receive testimony on a federally funded improvement project for Mountain Avenue between the San Bernardino Freeway and 16th Street.

The hearing was requested by Hensley-Torta Real Estate, Ontario, which opposes the proposed improvements.

The $950,000 project will improve the traffic flow on a 2.3-mile stretch of Mountain Avenue which includes 12 intersections, according to an official description of the project.

Five signals between Seventh and 11th streets will be modified and upgraded and four new signals will be installed between 13th and 16th streets. All signals will connect to a central computer control at City Hall, according to an engineering department report.

Mountain Avenue will be widened between 14th and 16th streets to provide four traffic lanes and left-turn lanes. Islands at each intersection below 13th Street will provide left-turn protection and traffic control. Landscaped dividers will extend from 13th to 15th streets.

The project will be constructed within existing rights of way, according to a staff report. City officials hope construction will begin this summer with completion by summer 1976.

City Engineer Fred Blanchard said improvement of Mountain Avenue is planned in three stages. The first phase is the federal project to improve traffic movement.

Undergrounding of utility lines is proposed for the second phase. Landscaping and installation of street signs will be included in the third stage. The City Council will hear a presentation on the second and third stages April 7, Blanchard said.

Interested citizens can submit written and oral statements to the city clerk before, during or within 10 days after Monday's hearing. Blanchard said state and federal officials will review the hearing proceedings and make the final determination.

Maps, drawings and the environmental impact statement are available for public inspection or copying at the Upland Engineering Department.

Planning Commission to meet

The Upland Planning Commission will hold five public hearings 7:30 p.m. tonight at the City Council Chambers. The commission will consider a zone change from agricultural to single-family residential for six acres at the southwest corner of Mountain Avenue and 14th Street.

The commission also will consider a conditional use permit to establish a Napoli Pizza and Take-out in the Plaza-Ralphs Center northeast of San Antonio Avenue and Foothill Boulevard. Another conditional use permit would allow a commercial television antenna in an agricultural zone on 10 acres southwest of Euclid Avenue and 19th Street.

The commission will consider a zoning variance to allow a proposed two-story dental office to extend 12 feet into the required 17-foot sideyard setback on both north and south sides. The building will be located on two lots north of Seventh Street between Euclid and First avenues.

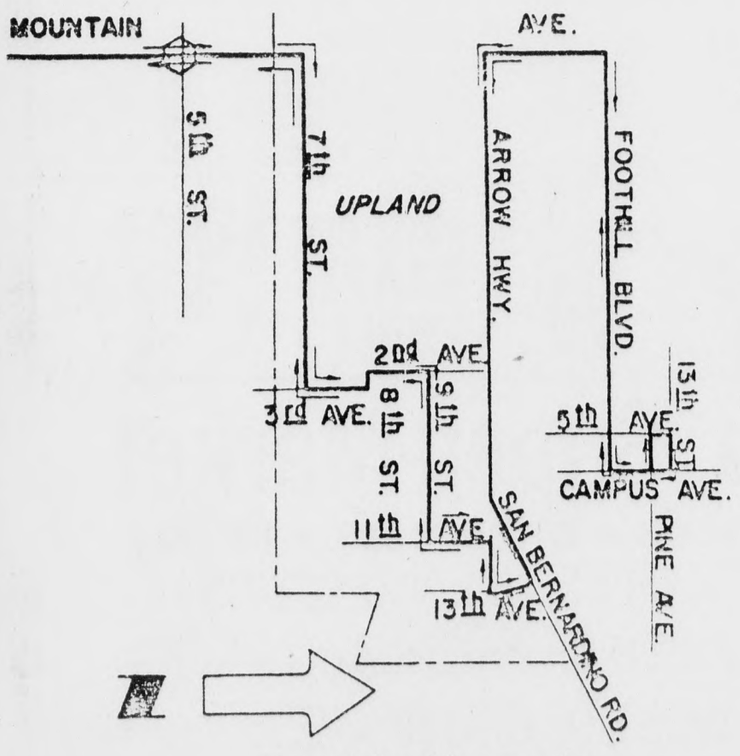

Another variance would allow a steel building for 10 aircraft hangers to extend eight feet into the required 10-foot sideyard setback at Cable Airport. For information on any of the hearings, contact the planning department, 982-1352.

Connects Upland, Ontario, Cucamonga-Alta Loma

Bus service to begin April 19

New Upland bus service

By Lynne Locke

Upland's new bus service connecting with Ontario, Montclair and Cucamonga-Alta Loma is expected to begin April 19, according to City Manager Lee Travers.

The City Council March 18 authorized a 30-day cancellation notice to the Southern California Rapid Transit District (RTD) which presently serves Upland and Ontario.

The new transit system operated by San Bernardino County will cost Upland "somewhat over" twice as much as the present service, Travers said.

For that increased price, Uplanders will have more frequent buses covering more of Upland, he noted. Buses will run every hour six days a week instead of every 1½ hours five days a week.

New areas covered by the service will include a shopping center at Mountain Avenue and Foothill Boulevard, Los Olivos Housing Authority and convalescent hospital and medical offices at Arrow Highway and 13th Avenue.

Passengers will be able to transfer to lines serving Montclair Plaza as well as Chaffey College. Montclair and Alta Loma-Cucamonga have been served by San Bernardino County buses for 2½ months.

Travers said the new service also will decrease traffic problems since the new Mercedes-Benz buses are smaller and more easily maneuvered than the RTD buses. The smaller buses also will use less fuel, he noted.

The West Valley Transit Authority (WVTA), which is owned and operated by the county, has not yet set the fare. Travers said the fare most often mentioned is 25 cents including all transfers. Reduced fares for children and senior citizens are being discussed.

WVTA will provide service within Upland on a contract basis with the city paying an estimated 86 cents per mile. Upland's share will be adjusted to reflect the actual cost after the service has been in operation several months, Travers said.

Bus stops, approximately a quarter mile apart, will be marked by blue and white signs and will have benches. Transfer points at San Antonio Hospital and at Fifth Street and Mountain Avenue will have shelters.

Service will be provided by 16 to 20 passenger Mercedes-Benz diesel buses which cost $23,160 each. The buses are air-conditioned and have power-lowered steps.

Start of service will climax almost 11 months of planning and coordination by county and local officials. Upland hopes eventually to have a flexible demand-response transit system, Travers said.

The Upland High School athletic teams have the following competition scheduled this week: golf against Gladstone High School 3:15 p.m. Wednesday at Gladstone; varsity and junior varsity tennis against Montclair High School 3:15 p.m. Tuesday at Montclair; girls' gymnastics against Montclair 3:15 p.m. Tuesday at Montclair; varsity and junior varsity baseball against Montclair 3:15 p.m. Tuesday at Upland; sophomore baseball against Ramona High School Wednesday at Upland; frosh baseball against Montclair 3:15 p.m. Wednesday at Montclair; girls' basketball against Ganesha High School 6:30 p.m. Tuesday at Upland.

Children's center proposal approved

A proposal for a $241,671 Chaffey College Children's Center to open Sept. 1, 1976, was approved Tuesday by the board of trustees of the Chaffey Community College District.

Consumation of the project, however, will depend on state funding of 75 per cent of the annual operating budget of $87,618 for the center.

The board directed college administrators to apply for $65,714 to the state department of education.

Most of the remaining 25 per cent of the budget covers present salaried staff members already budgeted for, amounting to $16,685.

Other income would include $4,147 from participant's fees, $1,000 from donations for maintenance from student and community organizations and $72 in supplies from the district.

Since funding would be restricted operating costs and cannot be used for construction, the $241,671 capital outlay for center construction would be funded by a permissive tax override of .0181 cents per $100 of assessed valuation, bringing the current rate of .0752 cents up to .0933 cents. The tax increase would be spread out over a period of two fiscal years.

About $105,547 of the proposed tax money would apply to building errection and $49,424 to contracting costs for contingency fees, architect fees and inflation factors. About $29,900 would go for utilities, $29,300 for site development, $10,000 for landscaping, $10,000 for furnishing and $7,500 for building inspector's fees.

Source of the proposal was the Children's Center Task Force, headed by Michael Alexander, dean of student affairs.

Trustee retires from A.L. board

When Bill Houtz first joined the Alta Loma School District Board of Trustees the district had one school and some 200 students.

Today, 12 years later, there are 2,050 students and three schools, with another campus planned for next school year.

Houtz, who on April 7 will retire from his school board seat, this week was honored at a dinner meeting planned by his fellow trustees.

Looking back on his four terms as a school board member, Houtz said a trustee's most important function is lending a sympathetic, understanding ear to citizens who present their problems to the board.

"We are there to let the public be heard. Too many people feel they are not being heard," Houtz said.

Bill Houtz

The school board, he added, "Keeps balance between educators and the people."

Houtz had high praise for Alta Loma Superintendent Floyd Stork, who has planned for the district's growth and has maintained good relations with district employes, according to Houtz.

Houtz will continue to operate his family's Alta Loma egg ranch upon his retirement from the board.

Boys' Club honors 2 Cucamonga lads

Mark Hernandez, 11, and Tommy Loza, 9, were presented Boy-of-the-Month awards recently. West End Boys' Clubs monthly awards are given to the member of each Branch Club who earns the highest number of points through community service efforts and program participation.

Mark Hernandez is son of Mr. & Mrs. Joe Hernandez at 10261 25th St., Cucamonga. Tommy Loza is son of Mrs. Cataling Montez of 8700 London Ave., Cucamonga.

The Boy-of-the-Month program is part of Boys' Clubs incentive programming to challenge and assist members in developing self-esteem and personal accomplishment toward the goal of developing into positive and contributing adults.

Seder spring salad

Spring is in the air...and so is Passover. Highlight the Seder meal this year with Antipasto Salad Bowl. The salad dressing is made with peanut oil and is super delicious.

The various elements of Passover — the paschal lamb, unleavened bread, the household celebration, the public convocation, the story of deliverance from Egypt — combine to form a celebration of freedom, religious dedication and respect for law and life.

The Seder Service recalls the ancient story of Israel's redemption from bondage in Egypt. The purpose of the Seder is to give families the opportunity to ponder the dramatic and miraculous events which led to the exodus from an ancient land of slavery.

According to custom the leader of the Seder places symbolic foods upon the table as part of the ceremony. There are three matzoth placed one upon the other and covered with a cloth to represent the Bread of Affliction and the union of three religious groups of Jews. A roasted lamb bone symbolized the paschal lamb and an egg is the symbol of the ancient festival offering. Horseradish, a bitter herb, recalls the bitterness of slavery.

Charoseth, a mixture of grated apple, nuts and wine symbolizes the clay and bricks used by the Israelites to build the "treasured cities of Pharaoh." Salt water, placed around the table in pitchers and bowls, symbolizes the tears shed by Jews while in captivity.

Parsley, a sweet herb, stands for spring and growth.

Add a touch of spring to your Seder table this Passover with Antipasto Salad Bowl. This colorful melange of garden vegetables is tossed with a peanut oil and vinegar dressing, served on crisp lettuce and topped with wedges of hard-cooked egg. The Salad dressing uses peanut oil, the lightest of the polyunsaturated oils. Jewish cooks prefer peanut oil for their Passover dishes because its delicate flavor blends well with other foods.

Antipasto Salad Bowl

½ cup peanut oil
3 tablespoons vinegar
1 teaspoon salt
¼ teaspoon white pepper
1 cup diced green pepper
1 cup diced cucumber
½ cup diced celery
½ cup sliced green onions
3 medium tomatoes, quartered
Lettuce
3 hard-cooked eggs, quartered

In a small jar combine peanut oil, vinegar, salt and pepper. Cover jar and shake well. Set aside. Combine green pepper, cucumber, celery, green onions and tomatoes in a large bowl. Shake dressing and pour over vegetables. Toss well. Serve on crisp lettuce, topped with wedges of egg.

Makes six servings.

Pomona Easter Sunrise Service set

An all-church choir of 300 voices and a 40-piece community band directed by G. Stanton Selby will be featured at the fifth annual Easter Sunrise Service in Pomona this Sunday.

The religious program, at the Pomona Civic Center Plaza, Garey Avenue and Mission Boulevard, will begin at 6 a.m. It will be sponsored by more than 60 churches and has been endorsed by the Pomona Centennial-Bicentennial Committee.

Evangelist Ken Poure will be the main speaker. "The Pathfinders," a gospel-singing group, will perform.

The musical group includes Jim Wilkins, manager and lead singer, of Pomona; Martha Bentley, alto, also of Pomona; Darrell Echols, baritone, of Upland; and Jerry Cottrell, bass guitar player, of La Verne.

Mr. Poure is gifted with the ability to communicate in a language understood by businessmen and young people alike, a message that provides answers in this "Now Generation," said an event spokesman.

During the past 18 years of evangelistic ministry on the West Coast, his message has been carried to more than 500 family forums, hundreds of Youth for Christ rallies and campus clubs.

Mr. Poure's background includes 11 years as a successful used car dealer, five years as youth pastor and 15 years as main speaker at Hume Lake Christian Camps.

His specialty has been making the principles of the Bible understood.

Mr. Poure and his wife, Melba, have three children.

"The Pathfinders" have been singing together for more than four years and have recorded two albums.

They have made tour to the south central United States and are planning another in April to Texas and some surrounding states.

The Sunrise Service is open to the general public. Free coffee and donuts will be served 5:20 a.m. - 5:50 a.m.

Dr. Dana Pankey is event chairman.

$360,000 grant given local theology school

The School of Theology at Claremont has been awarded a $360,000 grant by the Lilly Endowment Inc., Indianapolis, Indiana.

Announced by STC President, Gordon E. Michalson, this grant is to be distributed over a two-year period to fund an alternative program designed to develop a church-seminary systemic approach to theological education of laity, clergy, seminary students and faculty.

The long-range goals of this program are to develop a systemic approach to theological education in which a seminary becomes an educational partner of local churches, linking them with denominational leadership in the pursuit of answers to pressing theological and moral questions.

The program's immediate goals are: (1) to define Christian responsibility for world mission in the contest of a developing world, and to prepare congregations and future ministers who can pursue that responsibility with sensitivity and commitment and (2) to develop in local churches and in the seminary community creative responses to the surge of interest in spiritual discipline present in today's society.

The Lilly Endowment was established in 1937 with the objective of making grants and carrying on activities for "the promotion and support of religious, educational, or charitable purposes."

The Endowment takes an ecumenical and community-oriented approach to religion and its relevance to contemporary life. A number of programs recently funded are aimed at bridging the gulf between formal theological education and practical leadership in the parish and the community.

The School of Theology at Claremont is a United Methodist Seminary which enjoys close relationships with the Disciples of Christ Church, the Protestant Episcopal Church, the United Church of Christ and the Presbyterian Church.

STC currently enrolls over 300 students representing 30 states, 15 foreign countries and 34 denominations. More than 80 per cent of the graduates enter the ministry.

Charles Williams, vice president for religion of the Lilly Endowment, said, "In making this grant, the Lilly Endowment is continuing its commitment to a stronger church through the education of both clergy and laity. This program is a serious attempt to fulfill that high goal. We are sure that many sections of the church will watch this program with great interest."

At Upland College

International Training Institute to be held

An International Training Institute, the first to be held on the North American continent and sponsored by the Ecumenical Institute of Chicago, is expected to attract more than 100 persons to Upland College, Upland, for three weeks of study April 6-26.

It will be the 26th such Institute, with others being held in Southeast Asia, India, Africa, Australia, Europe and South America.

Members of the host committee, headed by Bishop Percival R. Henkelman of the Moravian Church of Downey, include Bishop Charles F. Golden, of the Los Angeles Area of the United Methodist Church; the Rev. Ms. Priscilla Chaplin, administrative director, SCCC; Dr. A. George Downing, executive minister, American Baptist Churches; Rev. R. Truman Northrup, executive secretary, Church of the Brethren; and Brother Richard Hahn, stake president, Reorganized Church of Jesus Christ of Latter Day Saints.

The Institute was developed out of 10 years of community reformulation work in the Chicago Fifth City Project of the Ecumenical Institute and five years of congregational renewal experience in the Local Church Experiment of the Institute, according to its sponsors.

The first week of the event will focus on "World-Gospel," the second on "Congregation-Parish," and the third on "Mission-Leadership." Studies are conducted through an academic curriculum, a methods laboratory, field work and spirit methods.

For further information, contact ITI Registrar, The Ecumenical Institute, 1039 Magnolia Ave., Los Angeles, CA 90006, (213) 387-7356.

Pastor, students to attend conference

Milton Hay, pastor, Ramona Avenue Christian Church, La Verne, will join ministerial students of the Christian Church (Disciples of Christ) in a seminarians conference meeting in St. Louis and Indianapolis, April 1-3.

Pastor Hay and two other students from the School of Theology at Claremont, Barb Graves, and Alan Rose, associate pastor of Temple City Christian Church, will tour general unit executives headquarters in each city and participate in problem-solving workshops which include dwindling membership and church school attendance, youth programming and case studies.

Trade fair exhibits will describe the work of the church as it relates to the nurture of its constituency and reaches beyond its borders to educate all ages.

The conference will provide seminarians a better understanding of the general programs, staff and resources useful in their ministry. It will emphasize the mutually supportive nature of general and local ministries.

Travel expense is covered in part by special scholarships from the Disciples Seminary Foundation in Claremont. General units of the Christian Church will provide food and lodging for the students.

Keynote address will be by Dr. W. A. Welsh, president of the Christian Board of Publication, St. Louis, who will speak about the Disciples, "Roots and Heritage."

Pastor Hay is enrolled in the Master of Arts in Religion degree program at Claremont. His interest centers on Middle East ministries.

Stanley Collins to speak in Upland

The Rev. Stanley Collins, minister of Forest Home and Minister-at-Large, will be speaking at the Upland Brethren In Christ Church 6 p.m. Sunday and 7 p.m. on Monday through Wednesday, March 31-April 2.

Born and educated in Britain, he served as pastor for 26 years with churches in London, then in Scotland, where he pastored both the Moody Memorial churches in Edinburgh and Glasgow, spending seven years in each.

He has spoken at Bible conferences throughout the British Isles and in Germany, Austria, Switzerland and France. In 1960 he paid his first visit to the United States and Canada and covered the whole of both countries before taking up permanent residence in California in 1968.

"Collins is a bright, effervescent Christian; an incurable optimist, yet in no way superficial, realistic in outlook; possessing a sense of humor which shows most frequently in his preaching and in the leadership of his staff," said a church spokesman. "He is modest without being reserved, demonstrating an enthusiasm which readily conveys itself to others."

"Everyone is welcome to come and discover how God's Word can come alive through the dynamic ministry of Stanley Collins," he said.

Upland Brethren In Christ Church is located on the corner of Arrow Highway and San Antonio Avenue, Upland. A free-will offering will be taken.

Court frowns on police spies at university

The California Supreme Court ruled unanimously Monday that police cannot pose as university students merely to gather information about students or professors, calling such a practice "government snooping in the extreme."

The police must show a "compelling governmental interest" for such conduct to be condoned, the court said. Otherwise, the court held, it violates the federal and state constitutional guarantees of freedom of speech and also violates California's constitutional guarantee of privacy.

Emphysema -- The Nation's Most Distressing Health Problem

By DR. W. P. HELZER, D.C.

The body has its own health defense mechanism, and it is failure of this natural control which allows lung disease to develop. More attention will have to be paid to the human nervous system before ultimate control of emphysema and other lung disorders can be achieved.

Dr. Wes Helzer D.C.

Emphysema, sometimes diagnosed as chronic bronchitis, is a condition where the air passages and air sacks in the lungs lose their tonicity, become stretched and distended. Air enters the lungs easier than it can be expelled.

Emphysema is commonly believed to be a hopeless condition once it has taken hold. It is caused by a gradual failure of certain nerves to keep lung tissue alive.

If placed under proper Chiropractic care in the early stages of the disease, tissues can be restored to health before they become completely useless.

The mechanical condition of the body is the most over-looked area of disease cure today. We admit that pinched nerves in a broken neck can cause partial paralysis of the legs, and complete paralysis comes when nerves are more severely compressed. But we shut our minds to the same pinched nerve probability when the lungs become diseased.

This kind of thinking is unreasonable, and emphysema should be given at least the same consideration that more direct forms of paralysis receive.

Nerve restriction in the spinal column means the living tissue served by those nerves is set adrift like an in unpowered boat at sea. Such tissue cannot maintain health without nerve guidance from the brain, and most certainly it cannot be expected to fight off disease the way nature equipped it to do.

Nerve restriction as a direct cause of disease is not a theory, but rather a fact. And we will prevent more emphysema when all of America realizes the lungs and other vital organs of the human body must have nerve contact with the brain to survive.

(Note: Dr. Helzer maintains chiropractic offices at 108 East H Street, Ontario, telephone: 983-1711).

PUBLIC HEARING NOTICE OF MASS TRANSPORTATION PROJECT UNDER SECTION 5 OF THE NATIONAL MASS TRANSPORTATION ASSISTANCE ACT OF 1974

A public hearing will be held in the City of Montclair, April 24, 1975, for the purpose of obtaining comments and statements on the use of Urban Mass Transportation Funds on the proposed projects below.

The hearing is being conducted by the West Valley Transit Services Authority (a joint powers agreement agency) on behalf of its members; the Cities of Chino, Claremont, Montclair, Pomona, Ontario, Upland and the County of San Bernardino.

PROPOSED PROJECTS

A. CAPITAL ASSISTANCE PROJECT

The Federal Capital Assistance sought will be used for purchasing 6 mini (19 passengers) buses and related requipment to initiate demand-response (Dial-A-Ride) service within the City of Chino, Fixed Route and/or Route Deviation Service in the Chino/Los Serranos Area, and fixed Route Service in the Ontario/Upland Area.

The total cost of the 6 mini-buses and related equipment will be $164,215, of which 80% is being requested from the Federal Urban Mass Transportation Agency (UMTA) and the other 20% funds derived from the Local Transportation Fund (State of California 1971 Development Act).

B. OPERATING ASSISTANCE PROJECT

The Federal operating assistance sought will be used to initiate and operate Transit Bus Service as outlined in the Project (A) above and the addition of the Claremont Dial-A-Ride System. It is estimated that the annual ridership for these routes will be 236,024 passengers, covering annual vehicle mileage of 360,325 miles at a total net operating cost of $317,378. Funding will be requested from the Federal Urban Mass Transportation Agency (UMTA) which amounts to 50% of the total net operating cost. The other 50% will be funds derived from the Local Transportation Fund (State of California 1971 Transportation Act).

There will be no displacement of families and businesses due to these projects. Also, it is anticipated that there will not be any significant effect of these projects except to improve the mobility of those people using the transit services. b. The extent and quality of the development program to be constructed and the services to be provided to the public.

c. The percentage of gross annual income and annual minimum amount to be paid to the County as rent, and if applicable, the amount of rent to be charged County for the portions of the facility to be leased by the County.

d. The financial responsibility of the proposer to construct, maintain and operate the facilities.

e. The lease term proposed.

3. The related facilities shall be constructed for the operation of a food service concession and a golf professional concession. In Alternative "A," the successful proposer will maintain and operate the food and beverage service concession only, leasing back to the County that portion of the facility to be used as a golf professional concession. In Alternative "B," the successful proposer will operate both the food service and golf professional concessions. 9. The filing of such statements shall constitute permission by the proposer for the County to check, verify and have certified all information contained in such statements. If the County desires, additional information may be requested from the proposer. Failure to comply with any such request may disqualify any proposer from further consideration.

10. Sealed proposals must be filed in the offices of the Facilities Department of the County of Los Angeles, State of California, 780 Hall of Administration, 500 West Temple Street, Los Angeles, California 90012.
